some good in him.

Wire Worm at Work at Cold Springs; No **Army Worms Found**

EXPERT FROM AGRICULTURAL COLLEGE FINDS MUCH WHEAT HAS BEEN HURT.

The so-called army worm is doing o damage in the Cold Springs section but some damage is being caused in that section by the wire worm and Submarine F-4 Has Been Located particularly by a species classed by A. L. Lovett, of the agricultural college, as a false wire worm. On the Allie Kerr ranch below Holdman on middle Cold Springs more injury had been worked than elsewhere and Mr. Kerr had reseeded 136 acres of wheat. Part of the damage may have

been due to the cold weather. This is the substance of the report made by Mr. Lovett following a visit to the Cold Springs section yesterer California Arrives on Scene and E. W. McComas, L. P. Gambee, high school agriculturist and E. F. Aver

Fleet, Reinforced, Renews Its Attack on the Dardanelles

EIGHT ADDITIONAL WARSHIPS INCLUDING RUSSIAN ARE TAKING PART.

LONDON, March 27.-Eight additional warships have joined the fleet in a grand assault on the Dags danelles in co-operation with allied land forces, according to an Athens Forces of General Ivanoif Have Been dispatch. The bombardment is being conducted with the utmost caution. The warships are believed to be keeping well out of range of the Turkish guns, while hurling shells,

With the arrival of the eight reinforcing warships, thousands of tons of metal will be thrown against the enemy's position while landing forces will be able to operate at all times ander cover of the fire of the supporting battlefleet. The reinforcing essels include three British warships, four French and one Russian cruiser The Russians, therefore, are partici-pating in the attack for the first time.
